

# **Washington State Boiler Inspectors Association**

April 5 2004

**Meeting was called to order at 1158 by Linda Williamson, Chairman**

## **In attendance:**

Linda Williamson, Mike Carlson, Larry Hayden, James Dorwin, Norm Strasser, Robb Marvin, Tony Oda, Arne Vestad, Brian McIntosh, Ed Parry, Noel Schroeder, Dale Lanz, Chris Davies

## **Old Business:**

- Annual Meeting next year is March 18, 2005
- It recommended that next years ticket for the annual meeting be 35 to 40 dollars. This was due to the increase in costs for the meeting room next year and the fact that we mailed 4000 dollars and still owe 800 dollars on the meeting we had this year. There were only 8 sponsors this year.
- There was discussion on conducting the raffle at the end of the meeting next year.

## **New Business**

- Most of the meeting was centered on the annual meeting results and costs.
- There was a question concerning the furnace explosion down in Thurston County. No real cause has been determined.
- There was also a question concerning CSD-1 (remote shut down switch) the boiler operates on a milliamp system generated by the pilot. Can this system operate properly if the wiring is taken to the remote shut down location switch?

Meeting was adjourned at 1220

Larry Hayden, Secretary 253-307-6951

Brad failed to show on his first month of Secretary Duties. Recommend he have an additional Month added to his service.
